

Instructions for Preparing the Posters and General Guidelines to Poster Presenters

➤ **Poster size- 1 m X 1 m.**

A poster should be prepared in such a way that the delegates are able to quickly read and grasp the idea as they move through in a busy room. Hence, they should be visually appealing and legible.

Keep the design simple and avoid making it flashy. Emphasize on the important points.

Use large fonts and thick lines, include diagrams, tables and figures. The contents should be easily readable from a distance of 1 metre, so that more people can read your poster at once.
