Society for Pharmaceutical Dissolution Science

The Society for Pharmaceutical Dissolution Science (SPDS) was established with the intent to promote and advance the discipline of dissolution science, which plays a crucial role in pharmaceutical development and quality control. It serves as the sole professional organization dedicated explicitly to this pivotal area within the pharmaceutical industry.

Vision: To be one of the most prominent professional bodies focusing on Dissolution Science among the Pharmaceutical Industry and Academia

Mission: To dissipate the science & advancement which is rapidly taking place in the field of dissolution related to clinical application and methods

SPDS was formed on 16th July 2012 at Mumbai, India as a charitable trust (not for profit) under regd. no. Maharashtra State, Mumbai 1487/2012 GBBSD, by a group of dedicated professionals.
